PASSS COMMITTEE.

No. 249.—

At the adjourned meeting of the Madras Legislative Council held on the 22nd November 1917, the Hon'ble Khan Bahadur A. T. G. M. Ahmad Tambi Marakkayar Sahib Bahadur moved a resolution recommending the exemption from the provisions of the Defence of India (Passport) Rules, 1917, of women, especially *purda* women, proceeding to the Straits Settlements and the Federated Malay States, accompanied by their husbands or male relatives. The two points on which the Honourable mover and his supporter laid stress related

(1) to the requirement prescribing the production of photographs and (2) to the necessity of putting in a personal appearance before the officer charged with the duty of verifying the declaration made by the applicant in the form of application for a passport. As the question of exemption was one the decision of which vested in the Government of India His Excellency the President, in view of the evident strength of the feeling against the existing restrictions undertook to make a representation to that Government in the sense of the resolution and upon this assurance it was withdrawn.

A representation was accordingly made to the Government of India, and after careful consideration His Excellency the Governor General in Council under rule 4 of the Defence of India (Passport) Rules, 1917, has been pleased to exempt *purda-nashin* or *purda* women desirous of travelling from India to Malaya, the Straits Settlements, the East Africa Protectorate, Uganda, Zanzibar, Mauritius, the Nyasaland Protectorate and the Union of South Africa, from the necessity of attaching their photographs to their applications for passports, or of appearing in person before the passport issuing authorities. It has further been arranged that this dispensation shall be allowed by the Administration of the abovementioned countries in the case of *purda-nashin* or *purda* women desirous of travelling to India, and that as regards South Africa the arrangement will apply to certificates of registration and identification issued to Indian women returning to India from South Africa.

NOTIFICATION.

Fort St. George, November 8, 1918.

No. 451.— HIDES AND SKINS

1. *Flaying and curing of hides.*—Indian hides are being made up to be used as harness for the King's Armies. If the Armies cannot get boots and harness they cannot fight. For this reason it is

the duty of every one to see that Indian leather is not wasted. Do not therefore allow hides to be either cut or branded or to rot for want of care in curing. They are of the greatest importance for the war.

2. *Flaying.*—Do not cut a hide when flaying. A cut in a hide makes its value less by Rs. 4 or Rs. 5. The owner of the hide will lose this. The butcher should therefore be fined for each cut made in the hide when flaying.

Flay the hide from the carcase as soon as possible. If it is allowed to rot at all, the value of the hide is lost. Use a knife with a bevelled edge (¼" bevel). If you do this, you will be less likely to cut the hide. In flaying slit the hide open from the front of the knee by dividing the knee cap in two. Do not slit up underneath or from the back of the knee.

3. *Branding.*—Brand marks on a hide reduce the value greatly. A deep brand means a loss of Rs. 4 or Re. 5. Cattle should not be branded so as to injure the hide.

4. *Curing with wet salt.*—Lay the hide flat, flesh side up, and spread fine powdered salt all over it. Do this immediately after flaying. Otherwise the hide will rot and the owner will lose its value. The salt must not fall off when the hide is folded. In folding two men should take hold of the back and fore shank and fold the hide so that one side lies exactly on the other. Then fold the bullies towards the ridge. Then sprinkle a handful of salt over it, and fold in both ends to retain as much of the salt as possible. Then complete the folding. A hide treated in this way will keep without rotting for a long time. Too much khari salt must not be used as it contains chemical which injures the hide.

5. *Dry salted curing.*—A dry-salted hide weighs half as much as one cured by wet-salting. There is therefore a saving of railway freight. After a hide has been salted as above, open it and throw it over a pole, in the shade, flesh side up. Allow it to dry and when nearly dry, take it down and press it along the ridges to make it lie flat. Then allow it to dry completely. The hide must be thoroughly dry before it is packed, otherwise when several hides are packed together, heat will be caused and the hide will rot. This is especially important in hot weather. Much money is lost by the hides being packed before they are thoroughly dry in order to despatch them early.

6. *Frame drying.*—Stretch the hide as far as possible and nail it down flat to the frame, flesh side up. Allow the hide to dry thoroughly. If the hide is taken off the frame before it is dry, it will crinkle. When this happens air cannot reach the folds and these parts of the hides rot. All curing should be done in the shade.

Madras, 9th November 1918.

UNIVERSITY OF MADRAS.

RULES AND DIRECTIONS OF THE SYNDICATE FOR THE ADMISSION OF HOLDERS OF SECONDARY SCHOOL-LEAVING CERTIFICATES TO UNIVERSITY COURSES OF STUDY.

I. Admission of holders of secondary school-leaving certificates to University courses of study in the academic year 1919–20 and subsequent years shall be made only in accordance with the revised rules and directions of the Syndicate herein contained.

II. Such holders only of completed secondary school-leaving certificates may be admitted to University courses of study, and will be registered as matriculates under Regulation 166 (a) as have been declared eligible for such admission by the Syndicate.

III. A complete list of certificate-holders declared eligible for admission to University courses of study will be published annually in the *Fort St. George Gazette* and a copy of this list will be furnished to each Principal of an affiliated college. In no circumstances may any certificate-holder not included in one of these lists be admitted to an affiliated college other than a College for Women, nor will any such certificate-holder be entitled to registration as a matriculate under Regulation 166 (a) except as provided in paragraph VII below.

IV. In the case of certificates issued under the authority of the Government of Madras those holders of certificates who qualify under the following rules will be included in the list of those declared eligible by the Syndicate for admission to University courses of study :—

1. Secondary school leaving certificate-holders shall be eligible for admission to University courses of study whose marks in the Public Examination or whose marks after moderation are

(*a*) in Group A subjects

either

(i) in English five marks above the Presidency average and in each of the other two subjects (except Vernacular Composition and Translation in the case of school pupils who study a classical or a foreign language under Group C and are therefore excused the study of the former subject under Group A) not less than the Presidency average;

or

(ii) of the total marks, in English 40 per cent and in each of the other two subjects (except Vernacular Composition and Translation in the case of school pupils who study a classical or a foreign language under Group C and are therefore excused the study of the former subject under Group A), 35 per cent;

(*b*) in Group C subjects

either

(i) five marks above the Presidency average in Algebra and Geometry, or Physics, or Chemistry, or English History, and not less than the Presidency average in one other subject;

or

(ii) of the total marks, 40 per cent in Algebra and Geometry, or Physics, or Chemistry, or English History, and 35 per cent in one other subject.

2. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition or in Elementary Mathematics shall be eligible for admission, provided he obtains excess marks in English and the other subject of Group A taken together equal in number to twice the number of marks by which he is deficient in the subject in which he fails.

A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition *and* in Elementary Mathematics shall be eligible for admission, provided he obtains excess marks in English equal in number to twice the total number of marks by which he is deficient in the two other subjects.

3. A secondary school-leaving certificate-holder who qualifies in one of the four selected subjects in Group C but who fails to qualify in a second subject of that group shall be eligible for admission, provided that in the former subject he obtains excess marks equal in number to twice the number of marks by which he is deficient in the latter subject.

4. A secondary school-leaving certificate-holder who fails to qualify in Vernacular Composition, or Elementary Mathematics, or in both, and also in a second subject of Group C may be declared eligible for admission, provided that he obtains excess marks as above both in the other subject or subjects in Group A and in one of the four selected subjects of Group C.

5. The eligibility of a school-leaving certificate-holder will be determined for each Group of subjects separately, by the test of Presidency averages or fixed percentages throughout, or by the test of Presidency averages in Group A and fixed percentages in Group C, or vice versa.

6. In the case of certificates issued under the authority of Native States in the territorial jurisdiction of the University similar standards for admission will be applied.

7. The moderation of the marks obtained by a holder of a secondary school-leaving certificate for the purpose of the above rules will be effected as follows :—

The individual mark gained by him for the last year at school in each subject will be multiplied by the average mark for the school at the Public Examination and the result divided by the average mark at school of the candidates from the school actually appearing for the Public Examination. The figure thus obtained will be added to the individual mark gained by him at the Public Examination and the total will then be divided by two to obtain the final moderated mark.

V. Hereafter candidates for admission to colleges, who are holders of certificates completed in a year previous to their candidature, must submit their certificates to this office for inspection not later than the 30th April. Every such certificate will be judged by examination marks alone according to the rules in force for certificates completed in the year in which it is submitted for inspection except that in the case of certificates completed prior to 1917 the best performance in each subject in any year will be taken into consideration.

VI. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to undergo a supplementary course at school in all the subjects of Group A and in two subjects of Group C. He must again appear at the Public Examination at the close of this supplementary course and his eligibility for admission will be determined as if he had then appeared for the examination for the first time. In the case of a candidate who, after undergoing a supplementary

course and examination, has failed again to qualify for admission to University courses of study, and who is permitted to appear at the Public Examination in a subsequent year after private study, eligibility for admission will be determined upon his last examination in this alone.

VII. Notwithstanding anything contained in the foregoing rules the Principals of Colleges for Women will be permitted to make admissions at their discretion of female holders of secondary school-leaving certificates whether or not the names of such holders of certificates are included in the published list of certificate-holders eligible for admission to University courses of study. Certificate-holders so admitted to Colleges for Women will be registered as matriculates under Regulation 158 (c).

VIII. The lists published annually in the *Fort St. George Gazette* will contain the names of all certificate-holders found to be eligible for admission to University courses of study in affiliated colleges, other than Colleges for Women, under the rules and directions issued by the Syndicate. It is, however, to be clearly understood that inclusion in the list confers on no certificate-holder the right of admission to any affiliated college. The Principals of Colleges are at perfect liberty to restrict admission to such applicants as they may select and are moreover required strictly to confine admission to such eligible certificate-holders as, judged by their certificates, may be expected to profit by the particular courses of study upon which they propose to enter in the college selected.

SPECIAL GYMNASTIC CLASS, MUNICIPAL HIGH SCHOOL, CUDDAPAH.

Admission to the Special Gymnastic class attached to the Municipal High School, Cuddapah, is open to Gymnastic Instructors of recognized schools throughout the Madras Presidency who are not trained and to candidates specially recommended by managers of schools with a definite promise of appointment after training.

2. The course is for one year from January to December. Each selected candidate will be required to pay a class fee of nine rupees a month for the whole course.

3. Every candidate should forward with his application, copies of his conduct and educational certificates; the originals will have to be produced when selected.

4. Applications should be submitted countersigned by the manager of the school in which the candidate is employed or is to be employed.

5. Applications for admission should reach the undersigned on or before the 10th December and must be made on printed forms which can be obtained from the Headmaster

S. SARVOTTAMA RAO,
Headmaster.

Municipal High School, Cuddapah,
25th October 1919.

APPLICATIONS FOR AID TO ELEMENTARY SCHOOLS DURING 1919-20.

Correspondents of elementary schools for boys of all the grades within the jurisdiction of the Triplicane range, that wish to have their schools aided during 1919-20, are hereby requested to send in their applications in the form prescribed in Rule 17 of Chapter III of the Grant-in-Aid Code by 30th November 1919 at the latest. Those received later will run the risk of being rejected.

2. Blank forms of application can be had at the office.

3. In column (3) of the application, the correct address of the school should be given. Very often the old, antiquated and obsolete name of the street or locality is given and this causes no small inconvenience or difficulty in finding out the school. The number of the municipal division, the name of the locality, street and the premises door number—all these are therefore indispensable.

4. Column (4) should clearly state whether the society or association owning the school is registered or otherwise.

5. Column (5) should exhibit the name of the correspondent with his address *clare et distincte*. Where the manager owning the school and the correspondent are one and the same individual, the fact should be mentioned.

6. It is the column (9) concerning teachers that requires special attention. The vague entries 'Trained,' 'Primary Trained,' 'Lower Secondary Trained' are often meaningless. In the case of a trained teacher, the following particulars should be furnished:—(i) Period of training—From to (ii) Grade for which trained—Secondary or Elementary (Higher or Lower). (iii) The nature of the certificate held whether probationary or final with date and number in each case.

In the case of a teacher who has not undergone a course of training his general educational qualifications need be explicitly stated with number and date of the certificate.

The designation of each member on the teaching staff is also required, or the whole thing becomes a muster roll with little or no definiteness.

Where the number of teachers is more than what is allowable or justifiable under the Madras Educational Rules, a note of explanation should necessarily be added specifying the purpose for which the arrangement is made.

7. In column (10) of the application, the scale of fees in force may likewise be given for verification and scrutiny.

8. In column (11) of the application may be given the number and date of the order recognizing the school, if already on the aided list.

9. This office cannot be held responsible for failure on the part of the correspondents to send in their applications in time.

S. SWETARANYA SASTRI,
Sub-Asst. Inspector of Schools, Triplicane Range.

Triplicane, 22nd October 1919.
